Welcome
to the world of
**HEATING
SOLUTIONS**
by IVAS

Derived from the word “NIVAS” which has a sanskrit origin which symbolizes a house, apartment or other shelter that is the usual residence of a person, family or household in which one’s domestic affections are centered.

IVAS is a revolutionary concept that transforms home interior design with innovation. The letter “A” symbolizes our unwavering commitment to upgrading living space, which embodies our aim to usher in a new era of interior design that is better, bigger, and stronger. IVAS strives to inspire and redefine the home interior landscape by pushing the boundaries of design and creating living spaces that reflect unique personality and style. Join us on our journey to redefine the essence of interior design with IVAS.

personalize their Nivas

WATER HEATER FEATURES

ANTI-CORROSIVE SHIELD

Increased lifespan due to the use of magnesium anode that suits different water conditions while shielding the tank and heating component from corrosion or scaling.

SUITABLE FOR HIGH RISE BUILDINGS

Our water heater can withstand up to 8 bar pressure owing to high-pressure rating and the use of multi-purpose valve in our models.

TITANIUM GUARD

The special inner glass line coating prevents corrosion and provides the tank with extreme durability and longer life.

PUF INSULATION

Internal heat and temperature is retained with the high-density and thick PUF leading to enhanced energy efficiency and electricity bills.

TRI SECURE

3 levels of enhanced safety against elevated temperature and pressure are guaranteed by a high-tech controllable thermostat, cut-out, and multi-function safety valve.

CAPILLARY-TYPE THERMOSTAT

Superior automatic and precise temperature control with extra safety is guaranteed with capillary-type thermostat.

RUST PROOF

Corrosion is prevented with the rust proof outer body which in turn leads to the longer life of the water heater.

FASTER HEATING

Robust mechanism that enables faster heating by upto 30% thereby reducing the heating time & saving energy.

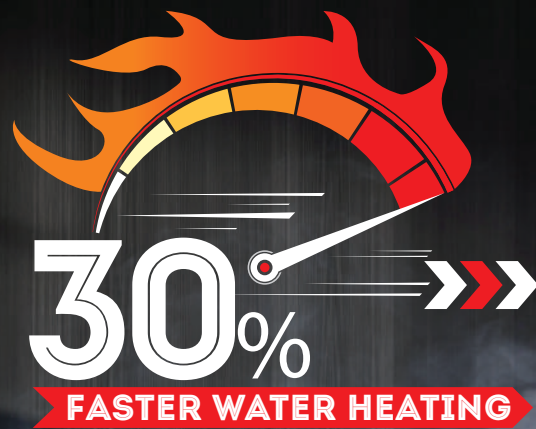

IVAS

WHY CHOOSE IVAS WATER HEATERS?

Our storage water heaters are equipped with a powerful heating element that is 30% faster for quick and consistent heating. Its high-density PUF insulation significantly increases your safety.

EXPERIENCE THE ULTIMATE BATHING EXPERIENCE

AUSTRAL

Available in 1L & 3L

Super Compact Design

Pre-set Thermal Cutout

Sustains 8-bar Water Pressure

High Precision Thermostat

Rust & Shock Proof ABS Outer Body

Ultra Thick 304 Stainless Steel Inner Tank

WARRANTY

2yrs
Product

50	Metal	Capillary	2	18.45

THERMOSA MH

Available in 15L & 25L

-  Suitable for High Rise Buildings
-  Anti Corrosive Shield
-  High Precision Capillary Thermostat
-  Titanium Guard (Glass Line Coating)

-  Triple Safety: Thermostat, Cut-out and 4-in-1 Multifunction Valve

-  Wall to Floor Convertible

-  Sustains 8-bar Water Pressure

-  Rust & Shock Proof

-  Impact Resistant Cut-out

-  Glass Line Coated Incoloy Heating Element

WARRANTY

2yrs Product | **2yrs** Element | **7yrs** Tank

Capacity (in litres)	Body	Thermostat Type	Power Input (in kW)	Weight (in kgs)
